Puts Wife in Eve's Class.

Determined to keep his wife, a prominent club woman, from leaving the home, Michel Moragah, of Trenton, N. J., burned all of her clothes and left her without a garment to wear. Patrolman Malone was attracted by the cries of the wife and found the husband in the yard revising the cremation of her clothing. He was taken to the Second District Station and after promising to provide clothing for his wife was allowed to go.

Reports indicate that it takes two bobbles to make one "harem" skirt.

Can't Work

When you feel that you can hardly drag through your daily work, and are tired, discouraged, and miserable, take Cardui, the woman's tonic.

Cardui is prepared for the purpose of helping women to regain their strength and health.

Not by doping with strong drugs, but by the gentle, tonic action, of pure vegetable herbs.

What the Kidneys Do.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the body once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the kidneys right you will have no trouble with your kidneys.

Mrs. H. A. Draper, 229 Pettigrew street, Henderson, N. C., says: "I do not hesitate to recommend Doan's Kidney Pills as I know them to be a remedy of merit for the purposes for which their use is intended. Last spring I had an attack of kidney complaint and I was feeling miserable when I began using Doan's Kidney Pills. They soon relieved me and I have not had any need of a kidney medicine since."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The North Carolina Baptist Young People's Union convention is to be in session at Stateville April 18th to 20th and the program for the three days is just completed and includes a number of interesting and denominational works in and out of the State as speakers. Included are Southern Secretary L. P. Leavelle, President W. L. Poter of Wake Forest College, Prof. J. Henry Hughes, Baptist Convention Secretary E. L. Middleton, and others. The indications are said to be that the reports of progress for the year will be very gratifying.

Eczema Cure A Beauty Wash.

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept in every home. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin and leaving it as soft, as smooth and clear as that of a healthy child.

Inflammatory Rheumatism immediately Relieved.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory Rheumatism every muscle and joint. Her suffering was terrible and her body and face were swollen almost beyond recognition. Had been in bed for six weeks and had eight physicians. But received no benefit until she tried DR. FOLEY'S RELIEF FOR RHEUMATISM. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by W. W. Parker, druggist.

Time robs us of many things, but wounds our vanity first by introducing wrinkles and the double chin.

When a medicine must be given to young children it should be made to taste. Chamberlain's Cough Remedy is made from fruit sugar, and the most refined in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

The Wilmington Star thinks that "a town's best asset is a bunch of men who have money, enterprise and public spirit. A man who establishes an enterprise which enables many other people to make a living while he makes something on their labor, is a desirable citizen and public benefactor. The man who has a payroll to meet is not a theoretical but a practical booster."

As to Judge Adams' Successor.

Governor Kitchin will have the appointment of the successor to Judge Joseph S. Adams, who died suddenly at Warrenton last Sunday morning, an account of which appears elsewhere in this paper. It is stated that the selection will have to be from among the lawyers of the fifth judicial district, which is composed of Buncombe, Transylvania, and Madison counties. There is no indication as yet as to who the probable appointee will be.

It is a significant fact that back in August, 1908, Governor Glenn appointed Judge J. D. Murphy to the judgeship to succeed the late Judge Fred Moore and that Judge Adams, who was an active candidate for that appointment, went into the judicial district convention later in the fall and defeated Judge Murphy for the Democratic nomination, succeeding him on the bench after the regular election.

Now it is being said by many that it would be a logical course for Governor Kitchin to give this appointment to Judge Murphy. The appointment will have to be, it is said, from among the lawyers who were for Craig and against Kitchin in the gubernatorial contest three years ago, (Craig being an Asheville man, that whole section was for him).

State Senator Martin of Asheville is being mentioned as an especially "shining mark" for the judicial appointment in the event he would accept it. The crowded condition of the courts of the State and the overworked status of the Superior court judges generally makes it pretty certain that an appointment will be made with the least possible delay.

Beauty of Color Painting.

Nice shades of color like L. & M. Tuxedo Yellow or Silver Gray, and solid brick of Olive or Shaker Green, both ornamental and wear, when used by adding 3 1/2 of a gallon of oil to each gallon of the L. & M. colors as produced at Factory. Then the paint costs only about \$1.60 per gallon because the user himself makes about half the paint used, and reduces cost by adding the Oil.

What the "Ad" Means.

The advertisements in a newspaper, if the merchant means what he says, are a very valuable part of the paper to the readers. Through them the people can learn where they can secure bargains and thus save themselves money. For this reason the merchant who has bargains to offer and who always does by the customer, is just as the advertiser, that he will do, is the man whose "ads" are read with interest, and who is sought when the readers wish to buy. The prosperous merchant, when he has bargains to offer, advertises the fact to the people because he wishes them to come and see him, and then he does just as he advertised to do. People are always looking for bargains. This being so, it is the part of wisdom for all of the merchants and business men of Henderson, who wish to increase their trade, to get in the columns of the Gold Leaf, and keep a live, working "ad" in its columns every week and by this means keep his name, business and bargains constantly before the people.

Farmers Are Feeling It.

The farmers are feeling now as never before the high cost of living which has been a sore subject for years with the salaried people of the cities. The wise farmer raises to a very great extent the things that go upon his table and it is not high priced provisions that causes the farmer worry. Farm animals and farm machinery are sky high compared with the prices a few years ago; labor is the same. The man who purchases a new machine must pay almost as much to properly stock and equip the place as he pays for the land. Good mules cost anywhere from \$300 to \$400 a piece. In fact no horse or mule of sufficient size for steady work on a farm can be purchased for less than \$175 and \$200. Cows, hogs, and other farm stock are almost as high in proportion.

Coca Cola Wins Big Fight.

The case of the government against "forty barrels and twenty kegs of coca cola," which has been pending in the Federal Court for some time, has just been decided in favor of the Atlanta beverage. In passing on a motion for peremptory instructions Judge Sanford held that caffeine is not an added or deleterious ingredient of the beverage. He overruled the motion on points relating to the misbranding feature of the allegation, but counsel for the government moved to dismiss, without prejudice, the case on these points. A verdict was returned in favor of the defense. Federal counsel secured a motion for appeal to the United States circuit court at Cincinnati.

The coca cola case has been one of the most important ever tried in the Federal court in the South and the cost of the litigation has been enormous. It is said that \$200,000 will be paid for less than \$175 and \$200. Cows, hogs, and other farm stock are almost as high in proportion. Both sides have had experts from all sections of the country, the most eminent scientists, principally chemists and physicians. The government has spared no expense in the effort to prove its contention that the coca cola people have been equally liberal in securing expert testimony.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, "93" Hair Tonic has grown hair on heads that were once bald. Of course, in some of these cases were the hair already dead, nor had the scalp taken on a glazed, shiny appearance.

"93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and, without question or formality, we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store. W. W. Parker.

Big Cotton Acreage This Year.

In Texas, which State has suffered so severely from drought in recent years, the rains have been practically beneficial, districts having received adequate moisture which have not been so favored in a long time. According to reports of the State and general and extensive increase in acreage over the entire cotton belt. The purchase of fertilizers show a marked increase over last year and there has also been a big demand for hoes and agricultural implements. Planting has already begun in the more southern portions of the belt and cotton is up in parts of southern Texas, as well as in Louisiana and other Gulf States.

The Buyer's Creed.

In a recent issue of the Tradesman appeared the following statement of reasons why a citizen should buy in his home city. In one of the cities of the South this motto has been posted in street cars and in moving-picture shows:

I BUY AT HOME—
Because my interests are here.
Because the community that is good enough for me to buy in.
Because I believe in transacting business with my friends.
Because I want to see the goods.
Because I want to get what I buy when I pay for it.
Because my home dealer "carries" me when I am run short.

Reach Out For Business.

(Wilmington Dispatch.)

These days that is not advertising the business is going to lag behind in the race, and sooner or later will be so far behind that it will either have to drop out altogether, or merely crawl along. These days the South is throbbing with energy and the spirit of progress is cracking in the air. No longer is the South merely a great farming land, with stores, banks and offices, but it is a big manufacturing center and is going to be the manufacturing center. So competition, along with such industry, is getting to be a decidedly live issue. Such competition is being felt in every branch of business and one of the chief assets of accomplishment is advertising. He is not saying anything because surely he must labor under such impression, but he is really losing his money. He may not be losing on his business, but he is not making the money that could be made, and sooner or later he is going to feel such perhaps, in crushing manner. The alert advertiser is the man who gets the business and therefore makes the money and the fellow who stops advertising during a dull season is lacking many of the finer essentials of the shrewd business man. When business gets dull why quit advertising? Reach out for business and you will get it.

Rheumatism Relieved in 6 Hours.

DR. DEWITT'S KIDNEY PILLS FOR RHEUMATISM usually relieve severe cases in a few hours. Its action upon the system is remarkable and effective. It removes the cause and the disease quickly disappears. First dose benefits. 75c. and \$1.00. Sold by W. W. Parker, druggist.

The Legislature Two Years Ago

passed an act designed to prohibit chickens from running at large, but there was some misunderstanding of the exact meaning of the statute. The recent Legislature, however, has made the law plain, so that one can be indicted for permitting his chickens to roam at large, even if they commit no depredations. The act puts chickens along with cattle. When it comes to destroying gardens and small truck a gang of chickens will rank with the cow or hog.

Needle Found in Baby's Arm.

(Statesville Landmark.)

While Mrs. A. B. Rives was bathing her baby boy, at her home on West front street one day last week, her hand struck something sharp on the baby's bare arm and on investigation she found that the sharp point was that of an ordinary sewing needle, which was drawn from the child's flesh without apparent pain. The needle showed signs of having been in the child's arm for some time, but how and when it got there is not known. The arm showed no signs of soreness about the place where the needle was found and while the child is too young to have told of the pain, it had at no time indicated in any way that it was in pain. It is possible that the needle was swallowed by the child, lodged in the throat and worked its way down the arm, but it is more reasonable to suppose that it entered the arm from the other side and worked through the tender flesh until the point was exposed.

Rocky Mount officers are looking for a smart young man who worked that town under the name of A. F. White. He showed a magazine, a china plate and a photograph of a china set of 36 pieces. The magazine for a year and the 36-piece china set all for \$1.80. Business, especially among the ladies, was very brisk, and in the few days he spent in Rocky Mount it is estimated that he took in about \$1,000. He gave a receipt for subscriptions in the name of a publishing house that has no existence.

Tuberculosis has a second time invaded the fine dairy herd at the State hospital for the insane at Raleigh, and a number of fine Holstein cows have had to be killed as a consequence. It is feared that a number of others among the forty old cattle the institution has have become infected. It was only two years ago that a herd of nearly 50 fine cows belonging to the same institution became similarly infected and had to be killed.
